

Payment options

In order to offer you the rock bottom pricing we do, we can only accept automated payments through SEPA (Single European Payment Area) often referred to as “Domiciliation”.

The Single Euro Payments Area (SEPA) is a payment-integration initiative of the European Union for simplification of bank transfers denominated in euro. SEPA guarantees that euro payments are received within a guaranteed time, and banks are not allowed to make any deductions of the amount transferred, introduced by a regulation in year 2001.
